

# Seasons

VEDO

Girl tie up yo hair  
Need no make up on  
Girl I need you bare  
Strip down to your soul  
Need no distractions  
You've had too much of that  
Trying to see where your mental's at  
I know you're special  
You're just damaged  
Just hold on tight girl  
You can manage  
Help you understand it

That if a flower doesn't bloom  
In the sun doesn't mean let it go  
Because when it rains outside  
And it's all said and done  
You will grow this I know

It ain't your season  
Just give it time to grow  
Let me work on your soul  
Don't be close minded  
Though It ain't your season  
Wait for it don't let go  
Just focus on the goal  
Got your back you know  
Whatever you need  
Just know that I got you  
Girl we're a team  
Won't let nothing get past you  
I'm here Shawty  
We all got problems baby  
You're not alone  
But you got to be patient  
And let your flower bloom  
Wait on your season

Protect your investment  
Learn from that lesson  
Wait on your blessing  
Remember Mistakes  
That you made in the past  
But don't let it affect you now  
It's been a while while  
But I got you now now  
I won't let you drown drown  
Pick up where you lacking  
Girl I got it chin up  
I got your back no looking back  
Pin you to the mattress  
While I explore all your magic  
Girl your past is why you made it  
Shawty don't be scared  
To face it on your own  
And in case you didn't know

That if a flower doesn't bloom  
In the sun doesn't mean let it go  
Because when it rains outside  
And it's all said and done  
You will grow this I know

It ain't your season  
Just give it time to grow  
Let me work on your soul  
Don't be close minded  
Though It ain't your season
