

Somebody

VEDO

Yeah, I know that I do
It's Vedo, baby

I need somebody, not just need somebody
Somebody that's gon' love me like the way that I do
Show me somebody, I just need somebody, babe
To hold me and believe in me the way that I do
Somebody, somebody, somebody that's true
Somebody, somebody who know what to do
Somebody, somebody and not just anybody, aye, yeah

Understand me
I get in my mood sometimes, you spare me
Can't even talk to family
Don't want for a thing, but I still need more
I'm a whole mess
I promise if you love me, I'll give you my best
And don't know why I play it, I know love is chess
Talk to you, just listen, get this off my chest, I know

I need somebody, not just need somebody
Somebody that's gon' love me like the way that I do
Show me somebody, I just need somebody, babe
To hold me and believe in me the way that I do
Somebody, somebody, somebody that's true
Somebody, somebody who know what to do
Somebody, somebody and not just anybody, aye, yeah

Why we keep runnin' from the truth? (The truth)
Know we ain't perfect, but I'm worth it for you
I'll do anything, hold your pounds and your drugs
I'll do anything, hold you down till we come up
Packin' so much weight on your shoulders
Let a real woman console ya
Come through with that rehab, promise not to leave ya
When you're down, I'm a be your motivation

I need somebody, not just need somebody
Somebody that's gon' love me like the way that I do
Show me somebody, I just need somebody, yeah
To hold me and believe in me the way that I do
Somebody, somebody, somebody that's true
Somebody, somebody who knows what to do
Somebody, somebody, not just anybody, babe
