

# Split

VEDO

Yeah

It's VEDO, baby

Tell me this

Why we fightin'?

Tell me the truth

I think you like it

Such a mood

Temperature's risin'

You gon' say you fed up

Then we fuck the bed up, babe

Ayy, ayy, lately you been actin' real crazy

Ayy, ayy, seems like every other day you're tellin' me you're through

When all you really want it's me on you

When you start playin'

I give you the business and your story start changin' up

Legs to the ceilin', now you switchin' up (Switch, switch)

That's why it's kind of hard to take you serious

Every time you trip

I'd rather see you split

Oh-ooh-woah

I'm just tryna see you in nothin' (Nothin')

Turn a bad vibe into good lovin'

When you trip (Ooh)

I'd rather see you strip (Oh-ooh-woah)

Yeah, you already know how I'm comin'

Turn a bad fight into good lovin', babe

Got a confession

When you get mad at me, baby, I think it's sexy

That's why we whenever we fightin', it leads to the bedroom

I wanna love on you even when I can't stand you

Ooh, ooh, baby

I can't wait to dive in you, ooh, baby

I see that every time that you talk to me like you gon' leave

That's just your way of tellin' me what you need, oh

When you start playin'

I give you the business and your story start changin' up

Legs to the ceilin', now you switchin' up (Switch, switch)

That's why it's kind of hard to take you serious, oh-oh

Every time you trip (Trip)

I'd rather see you split

No, oh-oh-ooh-woah

I'm just tryna see you in nothin' (In nothin', girl)

Turn a bad vibe into good lovin' (Into good lovin', babe)

When you trip (Trip, ooh)

I'd rather see you strip (Take it off, take it off)

Oh-ooh-woah

Yeah, you already know how I'm comin' (Oh, no)

Turn a bad fight into good lovin', babe

Every time you trip (Yeah)

I'd rather see you split (Split)

I'm just tryna see you in nothin' (Take it off)

Turn a bad vibe into good lovin'  
When you trip (Yeah, ooh)  
I'd rather see you strip  
Oh, woo-woo-woah  
Yeah, you already know how I'm comin' (You know, girl)  
Turn a bad fight into good lovin', babe
