VEDO

Treat you like a friend
Love you like I mean it, yeah
Kiss you like a girl
Come on
Oh, oh, oh, na, oh, oh, oh-oh
It's Vedo, baby

You can be the mic, I be the singer, babe
You can be the paper, I'ma be the pen
Write it up: I can be the bed you sleep in
I can be the listener, baby, just give me your hand and follow me
'Cause girl you are the best thing I ever had
And in your arms it's the only place I wanna go
And if the roof came falling down
I'ma be right here beside you girl

If I woke up one morning
And everything is gone I still stay down for you
Girl I got one good reason, why I ain't leavin'
'Cause baby girl this love is a new thing

Even if the sun don't shine, I'ma be on time
Trying to get back to your love
And even if we down to wire baby, I'm be up the bottom
'Cause this love is a sure thing
Oh, oh, oh, this love is a sure thing
This love is a sure thing
'Cause this love is a sure thing

You can be the ship, girl let me the captain, baby
You be the moon, I'ma be the sun
Burn it up, when we kiss I can be your tongue
I be the bullet baby you can be the gun
We can be like Bonnie & Clyde, I need a chick to go wild
Whenever I'm down, she pick me back up
Girl I do the same, I love everything
[?] a promise, I'm a give you my name

If I woke up one morning
And everything is gone I still stay down for you
Girl I got one good reason, why I ain't leavin'
'Cause baby girl this love is a new thing

Even if the sun don't shine, I'ma be on time
Trying to get back to your love
And even if we down to wire baby, I'm be up the bottom
'Cause this love is a sure thing
Oh, oh, oh, this love is a sure thing
This love is a sure thing
