

Hello?
Yeah, I'm on the way
You got it ready for me?
Okay, damn
It's VEDO, baby

I just hopped off the G6, ayy
Headed straight to you
I can't wait to have your body on mine
Girl, I've been savin'
All of my love for you, oh, yeah
'Cause you're the only one that's worthy

You and I
Doin' what lovers do
Visions of freakin' you, babe
Would you mind? Oh
Sexin' all through the night
Kisses and candlelight
Whatever your body says, I do
Girl, my focus is pleasin' you
You and I
Girl, let's make it last for life
'Cause I got time
You and I

And, baby, you'll be satisfied (Come here)
Undress the aggression
Address the tension between your legs, yeah
Oh, baby, oh
I got a plan for us, ayy
But I need your full attention
Full submission to love
Gon' get what you deserve, that's right
Forget what you heard tonight
It's you and I

You and I (Ayy)
Doin' what lovers do (What lovers do)
Visions of freakin' you (Yeah), babe
Would you mind? Oh (Would you mind?)
Sexin' all through the night (The night)
Kisses and candlelight
Whatever your body says, I do (I will do, baby)
Girl, my focus is pleasin' you
You and I (Oh)
Girl, let's make it last for life
'Cause I got time
You and I

Sexin' under covers
It ain't nothin' like two lovers in tune (In tune)
What a natural view
With you is so much better
Together I feel complete
Your love is on fire, baby
Baby, yes it is, oh, woah

God is my witness, girl, oh, yeah

You and I (Woo)

Doin' what lovers do (What lovers do)

Visions of freakin' you, babe

Would you mind? Oh

Sexin' all through the night

Kisses and candlelight

Whatever your body says, I do (That's right)

Girl, my focus is pleasin' you (Pleasin' you, yeah)

You and I (Oh)

Girl, let's make it last for life (Let's make it last, babe)

'Cause I got time

You and I
