VEDO

My lil ghetto thang

Ooh, no, no, no

It's VEDO baby

I need that classy

Pop off when she get mad at me

I like 'em a lil sassy

Real nasty but that's all for me

She got every nigga tryna be her peace (that's me)

But I'm her headache and she sleep in peace (Yeah yeah)

Whenever she mad at me no

Don't know how to answer the phone

I love when she talking that shit

Like she gone pack her shit and go

Shawty sexy and she know

She a queen gotta play my role

Anything she get what she want

She bring out the best in a nigga

And if it's goin down she stand next to a nigga

Sometimes

I Make her mad

She wanna leave

She pack her bag

She go through my phone

Then she say some shit

She can't take it back

She be cursing me out, ay

She tell me to get out, ay

I put it down

You know how this goes

Then when we done

She fix them tacos

She know what I want, by now

And she know what to say

How to get to me

I know she's the one, by now

Loyalty

She know she stuck with me

That's my lil ghetto thang

She crazy, my baby

Might get a wedding ring (Ooh, Yeah)

Amazing, my sade

That's my lil ghetto thang (lil ghetto thang)

I know that she want, by now

I bet you gone respect

Yeah, she crazy
