

## Boat Interlude

Veeze

Look, ayy

I got love for all my niggas locked, so fuck the cops  
Spent a hundred-plus on two lawyers, so do the math  
I was gettin' necked up like a teen giraffe  
She didn't believe my monthly bills 'til she seen the staff  
My doggy hoodied, got online and skrrt the Wraith like Ralph  
All of my chains white gold like I'm second place  
I don't trust this bitch, I had her meet me at my second place  
I came already, she went back down for a second taste  
All of my doggies stackin' M's, put a bitch on Timbs  
My youngest bitch can't hold water, she a Southside gem  
I'm rich as hell, don't hang with shrimps, I'm a hipster, whole  
pimp  
I'm geekin', can't feel both my feet, forced to walk with a lim  
p

I'm mixin' Hi-Tech with the purple, even yellow Tuss'  
I know she gon' love me the same if we don't talk for a month  
This shit from Hutch, I went to Icebox just to clean it up  
They talkin' crazy, do it twice so they don't think that it's l  
uck  
My money different color, rainbow, I think that it's sus  
I'm smokin' in the bubble bath, I think I'm Rev Run  
So many different hoes on me, I think I'm a sponge  
My mama think she made me great, I think it's the drug  
I used to think the greatest thing to be was a thug  
Now I run an operation, I toast drinks with the plug  
Bro got murder on his mind, all he think 'bout is blood  
Be careful how you look my way, boy, it's demons amongst us  
I can take her to Balenci', put CC on her pumps  
Give you all the bags you want, but with the kilos, no frontin'  
Made a bitch get on her knees, look at me when she suckin'  
Eyes low like I'm Chinese, I should be with Chris Tucker  
That nigga don't want smoke, he second-hand puffin'  
I get a nigga whacked, just one hand gesture  
Cut up a Goyard bag just to make a hat bucket  
I hide the old-ass cash in a Louis hard luggage  
I got her full of 2C, sit her in a space shuttle  
I pour the lean so dark, it's like a lil' Haitian nigga  
Been trappin' since a baby, never needed a babysitter  
But I cry like a baby, I don't get my way  
Why wouldn't Boat be right here with me? Bitch, I'm Wavy Gang  
I'm in the same crew as Bun B, bitch, I'm an Underground King  
Bitch, I'm so solid, cut my wrist and you gon' see conc-
