Ima better fuck up nigga
Ain't no nigga gon' be able to... yeah... no nigga gon' hol' me
back nigga...
That's on God, that's on my motherfuckin' brother nigga...

I'm gettin' high like it's the 70s and I'm a 90s baby
I gettin' high like it's summertime, or middle of january
Lost my nigga, when I was like 15, that shit still drive me crazy
I can't be fuckin' none of these hoes raw, they all wanna have
my baby
I'm just ridin' 'round, gettin' it, just like my name was Tiddy
Keep playin' around, I throw your ass a party, just like my name
is Biggie
You the type to give her a wedding ring, she fucked every nigga
in the city
Spent so much shit on codeine, could have bought another kidney
We ridin' 'round in a SUV, but it's a Lamborghini
I think niggas forgot, when you beef, then you gotta do some killing
Why you running around, saying you beefin' with me, shit sound
silly
I'm oinked up, blowin' pink runtz and my cup look like Hello Kitty
And we traffickin' that kitty cat, they wanna buy 150
Niggas be lackin', nigga we ain't into that, everywhere we go we
got semi's
If you only walk to get the cake, nigga I don't know P Diddy
Ima be a legend after death, nigga I feel like Biggie
You don't wanna live that life, you mimick it
Still got dope, live from the store, sellin' white and cinnamon
Still can't get close to the gang, you need a membership
Brothers only nigga you know we ain't on no friendly shit
Heard you cracked the case with penmanship
I only fucked her once, that's still your bitch
I do this for my niggas dead and gone, I know they hear that shit
I been through so much pain, I drop a 4, feel like I cured that
shit
(I been through so much pain, I drop a 4, feel like I kill that
shit)
(Like I kill that shi-)
(I should kill every nigga who ain't us like I'm Hitler)
We just ordered a spade, pouring it out, they say we trippin'
I can get you (rrrtt) 31, Reggie Miller
I should kill every nigga who ain't us like I'm Hitler
She don't even want no money, wanna give top to the realest nigga

I'm taking shots of the wock' like liquor
You a fuckin' rookie, you attempted to shoot just like Ben Simm
ons
You think it's the all star game, I'm smokin' paper with Scotti
e Pippen
Nigga I'm part of the mob, you wanna touch me, get permission
She gotta be trickin', she know my dog shit endless
He was a gangsta, it count no mo', he snitchin'
Rio re'd-up thousand v cuts like The Simpson
Niggas wanna join us when they finish, like the Pistons
