

Lick

Veeze

(Come on, P)

Everything on me tonight, I just hit a lick
You can look high and low for this drip, ain't no findin' it
You can take my number, need good numbers on exotic
Pint sealed like my true feelings, stay bottled up
Nigga, watch your dialogue, I don't want you talkin' tough
Roll a 'Wood up like a log and I got my coffee cup
He done sold his catalogue, but he didn't get paid enough
Lil' bro, you a kid in my eyes, here your sippy cup
We the Wavy Navy boys, known around the nation, boy
I ain't got no hatred in my blood and I'm thankful for it
Put it on the line for this money, I caught cases for it
Bro put me on a billboard, now I'm bangin' fours
I'ma throw up World Tour every time the cam' record
This lil' bitch so wet and she a stallion, she a seahorse
I gotta work overtime 'cause I don't wanna need nothin'
My sister realer than most niggas, sometimes I think she a boy
Keep it real, you really got some money put up for the lawyer?
Keep it real, you really soaked up all the game the OGs taught
us?
I don't give a fuck, I'll waste five thousand like it's bottled
water
Drop a hundred, everybody think I'm Wilt like Otto Potter
Veeze, you need a barber, but these hoes say you so adorable
Pop a pill, that monkey on my back like Dora the Explorer
Every time, this bitch pull up on me, no drawers and no bra
I'm a GOAT, I'm a dog, I'ma ball till I fall
I'll buy the bar in this bitch, it ain't hard at all
I don't care how icy that it get, I ain't throwin' salt
These niggas still makin' songs off the shit I talk
I watched 'em crawl, then walk
Feel like a proud dad when I watch YouTube
I even had some CEOs copy my moves
Nigga, some of my biggest fans is your biggest influence
I'm on a jet with billionaires that ain't wearin' no jewelry
Bein' a real nigga got me opportunity
Don't call me lil' Veeze, man, you niggas be puny
You know anytime we touch down, it turn into a movie
Swagger-jackin' niggas really groupies

Lil' nigga
