

Really Free

Velcra

I see you walk
Stumble and fall
You look just like me
Something inside
Something you hide
That paralyzes your mind
Believe it or not
Everything that you got is not because of you
You've got to see and you've got to believe
There's nothing you can do, but he can
Come just as you are
If you could see what's inside of me
Then you'd know what it takes to be

Reaching out for what you cannot see
Well, are you really free?
It's easy to see
It's bigger than me
Just look where I've come from
If you want the truth
Stop looking to you
Cause you'll never see it through, but he can
Come just as you are
It's not enough to say that you love
And not go through with it
You've got to see it's bigger than me
There's nothing you can do without Him
If you could see what's inside of me
Then you'd know what it takes to be
Reaching out for what you cannot see
