

Drug Girls

Velocity Girl

Bet you didn't mean to
Turn them into heroes
But it doesn't matter
'cause we love those drug girls
In a perfect world
Drug girls are left alone
In my living room
Headlines are overblown
Open it wider
See what its really all about
Drug girls don't tell the truth
If you look inside it
You'd know that its more than a catch phrase
Drug girls never fess up
They are exceeding nice
Please check their alibis
Timing is the key
Just like in comedy
Dirty tricks and sight gags
Smear our reputation
Fun is never easy its an occupation
Good ones have got away
Bad ones are there to stay
They want to be your friends
They'd like to see you blush
