Velocity Girl

It will never happen again Is a promise I just can't keep All alone on the porch Drifting off to sleep I change this much this year But I did it for you my dear Let me stick around I'll never let you down Well I guess that I was wrong Well I was mistaken all along It's hard to admit its the end So I'll say I'm sorry again and again Wanted to change my mind Falling a bit behind Never be the same Refuse to take the blame Well I guess it happened again If already didn't know Sometimes its hard to believe We've sunk so low
