

Hey

Velvet

I was stolen by your charm
With all your grace, alluring smile
Like a curse set to my soul
You engulfed me, then unleashed your
fire

(rise1)

The way you loved me
Held me gently
Called me sexy
You adored me
Always with me
I was worthy
You said you never stop lovin me

This infatuation got me hooked
A ravener of love
But your deceitful tongue has got
Me drowning in my own tear puddle

(rise2)

I can not reach you
I cannot find you
When I do I
tag behind you
I can't mistake this
I gotta brake this
I gotta make you stop hurting me

ref: Hey, I'm lost in your love
You need to let me know
What to do with your love
Why, cause I'm stuck in your love
I'm lost in your love, I'm lost in your love

Everything has changed
Nothings the same
It's like sad sad song
I wonder if you noticed I was devoted
Even when your love was gone

(RISE 1)

See every minute of every day
Your in my head
Won't go away
I don't understand was this your plan
To love and walk away

(RISE 2)

ref: Hey, I'm lost in your love...

Hey boy x4

ref: Hey, I'm lost in your love...
