Hello, I know
She's in your dreams
She's been there since seventeen
I know she knows
That my heart bleeds
But I guess she's stuck with me
Hello, I know
She's in your dreams
She's been in mine since seventeen
I know she knows
That my heart bleeds
But I guess she's stuck with me

We were young when it started
When my heart hadn't developed yet
How could I be disheartened
When I knew that it would end like this

Through all the chaos, I said I would stay
My mum, she knew that it wasn't a phase
I'm not ashamed that I ended up being with you

Hello, I know
She's in your dreams
She's been there since seventeen
I know she knows
That my heart bleeds
But I guess she's stuck with me
Hello, I know
She's in your dreams
She's been in mine since seventeen
I know she knows
That my heart bleeds
But I guess she's stuck with me

Now I'm lost in my era
Waiting for Ana to wake me up
Feel the fear getting nearer
But on you I'm never losing touch

Through all the chaos, I said I would stay
My mum, she knew that it wasn't a phase
I'm not ashamed that I ended up being with you

Hello, I know
She's in your dreams
She's been there since seventeen
I know she knows
That my heart bleeds
But I guess she's stuck with me
Hello, I know
She's in your dreams
She's been in mine since seventeen
I know she knows
That my heart bleeds
But I guess she's stuck with me

I guess I'm never gonna get out of my head
Guess I'm never gonna grow older
I'm gonna end up dead
I guess I'm gonna get there
But maybe in the end
But I'm getting older
This shit's never been said
Fuck, I don't have any rhymes left
What do I do now?
My mom coming downstairs, can you help me out?
Um here we go, I'm lost now
Back again
Ana's still my friend

Hello, I know
She's in your dreams
She's been there since seventeen
I know she knows
That my heart bleeds
But I guess she's stuck with me
Hello, I know
She's in your dreams
