

Pitiful

Vended

I can't remember what it was like to remember
My inner self had rendered me dismembered

(Breathe in slowly)
(Take it slowly)

Oh, I'm all alone
Into the deep below
I'll never surface unless I fucking let it go

Where I was before
I've been left deformed
The world around me is too much for me to handle

I'm horrified
Why dignify
I'm horrified
Why dignify

My emotion has melted to an overwhelming fear
Was it the voiceless or the possession that has led me here?

(Wake me up)
(It's all a dream)
(Wake me up)
(It's all a dream)

Where was I before
I've been left deformed
The world around me is too much for me to handle

I'm horrified
Why dignify
I'm horrified
Why dignify

How did I get here
How do I leave
I see the exit
But I've consumed the fucking key

Pitiful
Pitiful
Pitiful
Pitiful

Where I was before
I've been left deformed
The world around me is too much for me to handle

I'm horrified
Why dignify
I'm horrified
Why dignify
