

June's Cry

Venna

Something told me not to let you in
But I knew better
But I didn't wanna listen to myself
And you're my guilty pleasure
I'm in this forever, I'm in this forever

Something told me not to let you in
But I knew better
But I didn't wanna listen to myself
And you're my guilty pleasure
I'm in this forever, I'm in this forever

Something told me not to let you in
But I knew better
But I didn't wanna listen to myself
And you're my guilty pleasure
I'm in this forever, I'm in this forever

I'm in this forever, I'm in this forever
I'm in this forever, I'm in this forever
