

# Black N' Roll

Venom Inc.

Racing across the headlines  
Til the break of dawn  
See the Rainbow 'Rising'  
Where Rock n Roll was born  
The Houses of the Holy  
Where the Countess bathes in blood  
Hear his mama screaming  
Johnny please B. Goode

It's only Rock n Roll but as the man said  
I like it  
We even Sold Our Soul  
We're on the Highway To Hell

Black and Death and Thrash and Gore  
Hey, it's only Rock n Roll  
It permeates your soul  
It's Black n Roll  
Heavy, Grind and Metalcore  
We just call it Rock n Roll  
Permeates your soul  
It's Black n Roll

Hear the God of Thunder  
Says all the world's a stage  
When Living After Midnight  
The Ripper Turns the Page  
We're Back in Black  
Sheer Heart Attack  
We're Paranoid yet still  
When looking at the Highway Star  
She got the Looks That Kill

She's a Touch Too Much  
We're Strangers in the Night but I like it  
They say she's deadly but I don't know how to gauge it so I don't fight it

Black and Death and Thrash and Gore  
Hey, it's only Rock n Roll  
It permeates your soul  
It's Black n Roll  
Heavy, Grind and Metalcore  
We just call it Rock n Roll  
Permeates your soul  
It's Black n Roll

Black and Roll

It's Black and Roll!

The Number of the Beast has got us Running to the Hills  
I'm on the surgeon's face but I gotta take the pills  
Jimi's into Purple Haze, he listens to the blues  
Shaking like a Hound Dog in his black and Blue Suede Shoes

You dealt the Ace of Spades, there's so much Overkill, I like it!  
We Ride the Lightning and the Puppet Master says "Hell yeah!"

Black and Death and Thrash and Gore  
Hey, it's only Rock n Roll  
It permeates your soul  
It's Black n Roll  
Heavy, Grind and Metalcore  
We just call it Rock n Roll  
Permeates your soul  
It's Black n Roll
