

I Kneel To No God

Venom Inc.

You worship things you cannot see
And pray to non existence
You put your faith in blind belief
Sometimes on this resistance
Force their fantasy lives to redeem yourself
War is waist of life to achieve your goal

I I Kneel to no God
I I believe in no God

You cannot question scriptures old
Envy retribution
From my retails of gleaming gold
Lies by their institution
Sip righteous branded one drink more
No redemption there's no truth to find

I I Kneel to no God
I I kneel to no God

I I Kneel to no God
I I believe in no God

I I Kneel to no God
I I kneel to no God
