

# Babylon The Whore

Venom Prison

See the shame of Mother Whore  
Burn - watch it burn  
Renounced, stripped naked  
You eat from my flesh  
I'm coming back to desolate the land  
Are you afraid of babylon the great?  
Burning the flames of discontent  
And you have no escape

See the shame of Mother Whore  
Ashes to ashes  
Dust to dust

Witness a woman rising from the ashes  
Riding upon the seven heads of blasphemy  
I am vengeance for countless rapes and murders  
Your children slaughtered for their fathers guilt  
Filling the crimson rivers of devout streets  
Are you afraid of Babylon the great?

All shall see the shame of Mother Whore

Babylon the Whore
