

# Devoid

## Venom Prison

I live when you die  
The empire  
Burning to the ground

Understand the rage of fire  
It's hatred in its purest form  
To destruct is my desire  
Burning the hands of those in control  
Calloused but behold

Venom runs through my veins  
Bathe in the glory of the snake  
Drown in poison

Bodies torn apart, fed to the hungry  
The end to history's great infamy  
Devoid of emotion and empathy

Your fate is sealed  
The great palace in pieces  
Rebuilt from your ruins  
Utopia

Towns plundered, women abused  
Frustration, discontent, nothing to lose  
The serpent spits fire, the bringer of war  
Destroying the emperor  
Suffered greed and power  
Now make him pay  
My liberation is your decay  
Rebuilt from your ruins  
The birth of Utopia

I live when you die  
A martyr  
Venom in my veins  
Welcome Utopia

The empire of inequity  
Is burning to the ground  
Venom runs through my veins  
Bathe in the glory of the snake  
Drown in poison  
While the empire is burning  
To the ground
