

Golden Apples Of The Hesperides

Venom Prison

Through the forces of destruction
A new creation is unleashed
The modern media seduction
A mind controlling masterpiece

Lives, minds, brains and privacy corrupted
Sleep, thoughts, dreams and needs are interrupted
Say, do you think you choose out of free will?
Spoilt for choice, keeping occupied and still

The modern media seduction
A mind controlling masterpiece
Through the forces of destruction
A new creation is unleashed
Perception management

Conditioned to perpetuate the status quo
The dominated masses go with the flow
Dependent on a quick fix of opinions
This ignorant addiction makes them billions
Makes them billions
Makes them billions

Social engineering
Social engineering

Extrinsic rot
Polluted brains
Rise above
Extract your life
Extract your life

Mind numbing decay
An illusion of choice
Freedom fades away
Nothing but a passive voice

The modern media seduction

A mind controlling masterpiece
A mind controlling masterpiece
A mind controlling masterpiece
A mind controlling masterpiece
