

Perpetrator Emasculation

Venom Prison

Rapist, fucking die
You deserve to die in agony
Waste of life

I fucking hate your guts
You worthless piece of shit
You rape, beat and degrade
The time to pay has come
No escape, no escape

Your kind deserves decimation
Castration
Genital mutilation
Perpetrator elimination
Fucking die

You think you're strong?
I will hear you cry
When I amputate your genitalia
Force-fed, choke on your own crime
Blunt objects forced into the cranium

Done with being victimized
And misogynistic culture

Castration
Genital mutilation
Perpetrator elimination
Fucking die
