

The Exquisite Taste Of Selfishness

Venom Prison

Born into a world of filth
Land of desolation
Fertile soil for barbarity
Internalised
Life in social hierarchy
The weak marked
Separated from society

Desexualised, dehumanised
Enforced sterilisation
Survival of the fit
Subject of eradication

There is no cure for civilization
End existence - total obliteration

The lower class is rotting away
Slaves to perpetual domination
Abandoned and unwanted
See the face of abomination

There is no cure for civilization
End existence
You ignorant pig
Play the game of conformity
Betray your own
Vow obedience to authority
Law abiding scum, it's your turn

Desexualised, dehumanised
Enforced sterilisation
Survival of the fit
Subject of eradication
