

# The Primal Chaos

## Venom Prison

The primal chaos  
Mass graves of oppression  
Behind the illusion of a free nation  
Is organised authority and domination  
Deprivation, exploitation:  
Creating a product of human negation  
Protect the power over the masses  
Conquer and destroy everyone else

Reign of terror  
Led by the invisible hand  
A vicious cycle of control  
Law of the land

Annihilation  
Annihilation in the transcendent chaos

Sweating blood to serve the head of state  
Born enslaved, no ones spared from this fate  
Trapped in the mankind's bond of aeons  
Annihilation in the transcendent chaos  
The primal chaos
