

100 Miles To Hell

Venom

Road to redemption
Sailing past purgatory
Fire in your vision
The gates ahead you see
The land devoid of light
The witching time of night
Lay down your soul to sell...
100 miles to hell

Lucifer's waiting
To read your list of crimes
This is damnation
Until the end of time
Follow the ancient track
Let the devil wear black
The palace of evil...
100 miles to hell
100 miles to hell
100 miles to hell

Into oblivion
The blood of angels rain
No resurrection
Rapture replaced with pain
The end of life you see
I make a ghost of thee
The ferryman set sail...
100 miles to hell
