

Darkest Realm

Venom

Million watts of music hell
Screaming legions black metal
Give it up with all you've got
Here we come ready or not
Deafening volume in power and black
Light up the skies in an aural attack
The darkest realm
Billion light years in the rigs
Interstellar searing licks
Song of the demon at the helm
Welcome to the darkest realm
Deafening volume in power and black
Light up the skies in an aural attack
Metal and mayhem - Hardcore elite
Crank up the volume - We will never be beat
Thousands of souls in darkest realm
Glorious choruses straight from hell
Feeding off power in musical trance
Life on the edge - Taking a chance
