Pedal to the Metal

Venom

Racing like a madman high on The extreme Don't know where I'm goin' No clue to where I've been Everything around me fades Into a blur Nevert stop - Reach the top Out of this world Don't need no provocation My instincts high on fire The final destination Will be the place that I die Pedal to the metal Speed through every border Nothing to declare Got no time for questions no Answers anywhere Flying like a comet only trails & mist Watch the clock - Off the top Nothing else exist
