

## Suffering Dictates

Venom

I walk the left-hand path  
Chaos is my name  
The son of Armageddon  
Danger's in my veins

Repent, sorry souls worship, cry  
Intent, turn their cheeks, sacrifice  
Delay, escape fate that awaits  
Forgive, only suffering dictates

I plant the seeds of doubt  
Grow a field of fear  
I eat forbidden fruit  
Complex insincere  
Travel the winding road  
Dangerous intent  
Promise the moon and stars  
Make no appointment

Repent, sorry souls worship, cry  
Intent, turn their cheeks, sacrifice  
Delay, escape fate that awaits  
Forgive, only suffering dictates

Repent, sorry souls worship, cry  
Intent, turn their cheeks, sacrifice  
Delay, escape fate that awaits  
Forgive, only suffering dictates
