

# Bad Karma

## VENUES

(Bad bad  
Bad bad karma  
Bad bad  
Bad bad karma)

(You're gonna get what you deserve  
You won't hold down all of this verve)  
Getting close to the edge  
While you're trying to forget  
What you did to yourself  
I can't believe you don't get  
This is your only regret  
You haven't understood yet

Can you hear them call  
Echoes of your fall

You got bad bad karma  
'Cause it's all coming back  
Now you know your little worth  
When you get what you deserve

Come on open your eyes  
Stop ignoring their cries  
So sick of you alibies  
We're gonna give them a voice  
Those that don't have a choice  
Will now come back to Life

No more wasting time  
You've ignored the sign  
When you crossed that line

You got bad bad karma  
'Cause it's all coming back  
Now you know your little worth  
When you get what you deserve  
You will understand what happened to you lately  
So you won't be asking why you're going crazy  
Now you know your little worth  
When you get what you deserve

Your little paradise you own it (Own it)  
Do you think that you deserve this (Deserve this)  
Please tell me when will you wake up and get off your fucking throne?  
They're gonna get you and you know it (Know it)  
There's no way you can control this (Control this)  
The time has come for you to take off this stupid little fake crown

You sit on a throne  
Made of flesh, eye and bone

(Bad bad  
Bad bad karma  
Bad bad  
Bad bad karma)

You got bad bad karma  
It's all coming back  
Now you know your little worth  
When you get what you deserve  
You will understand what happened to you lately  
So you won't be asking why you're going crazy  
Now you know your little worth  
When you get what you deserve
