

Cravings

VENUES

Are there some shades left
Where I can hide my face in?
My skin so numb
It's my intoxication

Help me
To overcome addiction
Goddamn
It's burning inside out

That's why I go
I really didn't know
Just how hard you're draggin' me down
You're draggin' me down
Your show cost me my last hope
Thank God this is over
I'm getting sober from this

Oh my, please help me
Save me from myself this time
Just take my weakness, give me strength

I just need to come clean about this
This is not the life that I want

Help me
To overcome addiction
Goddamn
It's burning inside out

That's why I go
I really didn't know
Just how hard you're draggin' me down
You're draggin' me down
Your show cost me my last hope
Thank God this is over
I'm getting sober from this

That's why I go
I really didn't know
Just how hard you're draggin' me down
You're draggin' me down
Your show cost me my last hope
Thank God this is over
I'm getting sober from this

I really didn't know
I really didn't know
I really didn't know

That's why I go
That's why I go
