

Mountains

VENUES

Over mountains we will rise

Aggravation
What do you want
From me?
Suffocation
Is taking its toll
On me
You know we can't go on like that, we can't go on
Toxication
Has got you now
Inside
Imagination
Will keep you
Satisfied
You know we can't go on like that, we can't go on

We can't go on
We can't go on like this
Time has come to change this course
We will rise
We will rise up now

And again we're here tonight
We are the light
And keep on going 'til
Over mountains we, over mountains we will rise
Don't look at what your losing
Don't be missin'
What you've been giving
Over mountains we, over mountains we will rise

Isolation
Why do you feel
Like fire?
Annihilation
A part of
My mind
You know we can't go on like that, we can't go on
Abomination
Is what you see
Outside
Dedication
Is keeping you
Alive
You know we can't go on like that, we can't go on

And again we're here tonight
We are the light
And keep on going 'til
Over mountains we, over mountains we will rise
Don't look at what your losing
Don't be missin'
What you've been giving
Over mountains we, over mountains we will rise

We will rise

We will rise
Over mountains we will rise

It's been on my mind since Salinger died
Don't look behind
Don't look behind
A sunrise in my lungs
Breath in, breath out
And set me free

And again we're here tonight
We are the light
And keep on going 'til
Over mountains we, over mountains we will rise
Don't look at what you're losing
Don't be missin'
What you've been giving
Over mountains we, over mountains we will rise

And again we're here tonight
We are the light
And keep on going 'til
Over mountains we, over mountains we will rise
Don't look at what you're losing
Don't be missin'
What you've been giving
Over mountains we, over mountains we will rise

And again we're here tonight
(We will rise)
We are the light
And keep on going 'til
(We will rise)
Over mountains we, over mountains we will rise

We will rise
We will rise
And over mountains we will rise
