

# Silence

## VENUES

No matter how many more lives it takes  
Forgotten souls will stay in their graves  
No matter how many paths we choose  
Forgiven souls have nothing to lose

And I still feel your presence here  
When the days are dark and the wind blows cold  
Your mark on my heart will outlast the rain  
And keep glowing bright

I tried to share my light  
In this endless fight  
Living an honest life  
You know we've got to choose to survive  
I tried to share my light  
To win this fight

No matter how many more lives it takes  
Forgotten souls will stay in their graves  
No matter how many paths we choose  
Forgiven souls have nothing to lose

Who's gonna need me now?  
Who's gonna seek me now? You're gone  
Living in waterfalls  
Not a sound, not a sound escapes your walls

So I'm standing here  
Waiting for ghosts  
To lead me through the storm

I tried to share my light  
In this endless fight  
Living an honest life  
You know we've got to choose to survive  
I tried to share my light  
To win this fight

No matter how many more lives it takes  
Forgotten souls will stay in their graves  
No matter how many paths we choose  
Forgiven souls have nothing to lose

Who's gonna need me now?  
Who's gonna seek me now? You're gone  
Living in waterfalls  
Not a sound, not a sound escapes your walls

And I still hold your words close to my heart  
Protecting them with all that I am and all that I have  
To make sure that I won't forget

And I still hold your words close to my heart  
Protecting them with all that I am and all that I have  
To make sure I will never forget

No matter how many more lives it takes

Forgotten souls will stay in their graves  
No matter how many paths we choose  
Forgiven souls have nothing to lose

No matter how many more lives it takes  
Forgotten souls will stay in their graves  
No matter how many paths we choose  
Forgiven souls have nothing to lose

Who's gonna need me now?  
Who's gonna seek me now? You're gone  
Living in waterfalls  
Not a sound, not a sound escapes your walls

Not a sound escapes your walls  
Not a sound escapes your walls  
Not a sound escapes your walls  
Not a sound, not a sound escapes your walls
