

## Trust Fall

Vera Blue

I don't want you to go  
The days that you're around  
You see I glow, glow  
I don't want you to know  
The demons that appear when you're away  
Haunting my bones  
Oh

I'm afraid to be honest  
Coz the voices keep on talking  
Saying  
Don't let go don't get too close

Looking over the edge  
Looking over the edge  
Looking over  
I'm already falling  
Gotta try to forgive  
Gotta try to forget  
Gotta try it there's no way of stopping  
The past can keep the ghost of me  
Yeah I'm trying my best  
Looking over I'm already falling

I won't know what to say  
When my jealousy and fear  
Go up in flames, flames  
But you always wait so patiently  
Until I accept my fate  
My faith  
I fall I fall

Looking over the edge  
Looking over the edge  
Looking over  
I'm already falling  
Gotta try to forgive  
Gotta try to forget  
Gotta try it there's no way of stopping  
The past can keep the ghost of me  
Yeah I'm trying my best  
Looking over I'm already falling

I glow when you're around me  
Voices ain't gonna haunt me  
Trust fall, know that you got me  
I know that you got me  
(I know that I know that you got me)

I glow when you're around me  
Voices ain't gonna haunt me  
Trust fall, know that you got me  
I know that you got me  
(I know that I know that you got me)

Looking over the edge  
Looking over edge

Looking over  
I'm already falling  
Gotta try to forgive  
Gotta try to forget  
Gotta try it there's no way of stopping  
The past can keep the ghost of me  
Yeah I'm trying my best  
Looking over I'm already falling

I glow when you're around me  
Voices ain't gonna haunt me  
Trust fall, know that you got me  
I know that you got me  
(I know that I know that you got me)

I glow when you're around me  
Voices ain't gonna haunt me  
Trust fall, know that you got me  
I know that you got me  
(I know that I know that you got me)

I glow when you're around me  
Voices ain't gonna haunt me  
Trust fall, know that you got me  
I know that you got me  
(I know that I know that
