

Heart of Gold

Vera Lynn

You have a heart that right from the start
was filled with a love for me, yes just for me.
You helped me bear my trouble and care
With your sweet, sweet sympathy

A lady sweet and old
You're lovely to behold
For though your hair is grey with care
You have a heart of gold.

I'm glad that I have you
To tell my troubles to
You helped me so because I know
You have a heart of gold

You're kind and sweet in all you do
And when the world was hard to you
You smiled and let the sunshine through
That's why I love you so.

Your years of service hold
The sweetest story told
And though your brow is silver now
You have a heart of gold
