Veridia

Whatever I want, whatever I need  
You're the only rush for me  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, oh-oh-oh, oh-oh

Dark. I'm a creature of the dark  
Making friends with my anxiety  
I scared away my sanity  
Hide. I tried every state of mind  
That's why I love it when you come for me  
It's comforting, like dopamine

When I'm a little bit tense  
Nothing makes sense  
And I can't fight it  
But then you come closer  
I breathe you in till I forget

Whatever I want, whatever I need  
You're the only rush for me  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, whatever I need  
You're the only rush for me  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, oh-oh-oh, oh-oh  
You're my favorite kind of dopamine

Noise. Your voice suffocates the noise  
There's something in the way you talk to me  
So bad baby, my reverie

When I'm a little bit tense  
Nothing makes sense  
And I can't fight it  
But then you come closer  
I breathe you in till I forget

Whatever I want, whatever I need  
You're the only rush for me  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, whatever I need  
You're the only rush for me  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, oh-oh-oh, oh-oh  
You're my favorite kind of dopamine  
You're my favorite kind of dopamine

(You're my favorite kind of dopamine, yeah)

Whatever I want, whatever I need  
You're the only rush for me  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, whatever I need  
You're the only rush for me

Whatever I want, oh-oh-oh, oh-oh  
Whatever I want, oh-oh-oh, oh-oh  
You're my favorite kind of dopamine  
You're my favorite kind of dopamine  
You're my favorite kind of dopamine  
You're my favorite kind of dopamine
