

Ghosts

Veridia

Screaming voices echo in my head
Wanna put them all to rest
But all you know it always goes like that
And I want you back again

Ye-e-e-ah
I reach, you call but now I see it
Ye-e-e-ah
Resurrecting all my feelings
Ye-e-e-ah
I cut them up and on the ceiling
Ye-e-e-ah
Then you hit me like a..

Ghost, baby
They're rattling my bones, baby
Cold sweats on the floor, baby
I know there ain't nothing I can do
When they're flying 'round the room like
Ghosts
Ghosts

Apparitions in the atmosphere
Got me thinking you were near
Thought I saw visions of you appear
Feeling getting company

Ye-e-e-ah
I reach, you call but now I see it
Ye-e-e-ah
Resurrecting all my feelings
Ye-e-e-ah
I cut them up and on the ceiling
Ye-e-e-ah
Then you hit me like a..

Ghost, baby
They're rattling my bones, baby
Cold sweats on the floor, baby
I know there ain't nothing I can do
When they're flying 'round the room like
Ghosts
Ghosts

Heart's beating out my chest
Every time you leave
Rhythm carries my regrets
Haunting desperately
Now I'm wishing you were home
I didn't know that it could be my soul
Your fire's burning at the door
And I just wanna feel you

(Then you hit me like a..)

Ghost, baby
They're rattling my bones, baby (rattling my bones)

Cold sweats on the floor, baby (hit me like a ghost)
I know there ain't nothing I can do (oh no)
When they're flying 'round the room like (and you hit me like a ghost)
Ghost, baby
Rattling my bones, baby
Cold sweats on the floor, baby (hit me like a ghost)
I know there ain't nothing I can do
When they're flying 'round the room like
Ghosts
(And you hit me like a.. and you, and you, and you hit me like a..)
Ghosts
(And you hit me like a.. oh, no...)
