

Numb

Veridia

I'd do almost anything
Anything to feel anything else
Hot blooded adrenaline
Give me more of it
No sleep, but it's all I know
Live fast just to make it slow down
Tension in the dissonance
Give me more of it

And life is perfect
Drown out the sanity
It's really perfect
When I can't feel a thing

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

Woke up, head is spinning 'round
Would kill the craving, but I don't know how
So sweet when I swallow the sound
Give me more of it
Falling on my face will never faze me
I don't need no one to come and save me
All I need is the rhythm to chase me
Give me more of it

And life is perfect
Drown out the sanity
It's really perfect
When I can't feel a thing

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

I wanna go numb
I wanna go numb
'Til everything's numb
I wanna go numb

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

I wanna go numb
'Til I feel dumb
Give me more drums
Turn the bass track up
I wanna go numb

I wanna go numb
I wanna go numb
'Til everything's numb
I wanna go numb
