

Reckless

Veridia

Out of the cages, into the wild
I need that rush cause
It's been a while
Since I jumped without looking down
Got my blood pumping in and out

And the full blue moon's got me howling with the wolves, howling with the wolves
Yeah, the full blue moon's got me howling with the wolves, ooh

Reckless, reckless
Wanna run until I'm
Breathless, breathless
Take a little risk so I don't miss living, miss living
Fearless, fearless
Taken over by the
Senses, senses
Close your eyes, take a breath and we'll own this moment, this moment

We're gonna be
Re-e-e-e...
Re-e-e-e...
Gonna be reckless, reckless, reckless
Re-e-e-e...

I can't remember when I forgot
I was burned by the fire so I smother the spark
Then all my balloons went "pop"
When all my believing stopped

And the full blue moon's got me howling with the wolves, howling with the wolves
Yeah, the full blue moon's got me howling with the wolves, ooh

Reckless, reckless
Wanna run until I'm
Breathless, breathless
Take a little risk so I don't miss living, miss living
Fearless, fearless
Taken over by the
Senses, senses
Close your eyes, take a breath and we'll own this moment, this moment

We're gonna be
Re-e-e-e...
Re-e-e-e...
Gonna be reckless, reckless, reckless
Re-e-e-e...

Don't care where we're going as long as we're running
Don't care who's was watching as long as we're dancing
Don't care if we're falling as long as we're flying
Ah...
Don't care where we're going as long as we're running
Don't care who's was watching as long as we're dancing
Don't care if we're falling as long as we're flying
Yeah...

Reckless, reckless
Wanna run until I'm
Breathless, breathless (breathless)
Take a little risk so I don't miss living, miss living
(I don't wanna miss, I don't wanna miss living)
Fearless, fearless
Taken over by the
Senses, senses
Close your eyes, take a breath and we'll own this moment, this moment

We're gonna be
Re-e-e-e...
Re-e-e-e...
Gonna be reckless, reckless, reckless
Re-e-e-e...
