Girl, hurry and call me
I'm waiting for you, call me

Baby
You say good morning to me, making my heart flutter
Hey girl
Tell me, tell me, tell me
I wanna hear your voice
That's sweet like candy
I like it more than anything else
Yeah, that's so fine with me
Oh Yeah

I wonder
How you're so calm
When our eyes meet, I start
To hesitate
You're my melody, lingering in my ears
Is this love?
Can I make u mine?

Whenever, wherever
Call me
In my head, it goes ring ring ring
The bells are ringing, ddang
When you think of me
Call me
I miss you, every single day
Wait for me, I'll fly to you

You can provoke me
You can trap me in your eyes
Eyes are fixed, time stops
Every time I see you
In this world, only you're this pretty
You race through my heart all day
My heart chases after you and runs too
It's like a nonsense quiz
I wonder if you know how I feel
(Do you know, yeah)

People's hearts are
So mysterious
But when I see you, I feel like I know
Girl, it's true
You're my melody, you're always new

Maybe this is destiny
Can I make u mine?

Whenever, wherever
Call me
In my head, it goes ring ring ring
The bells are ringing, ddang
When you think of me
Call me
I miss you, every single day
Wait for me, I'll fly to you

We shine more
Because we're together
I feel it through your smile
(Me & you)
As if something's come over me
I'm crossing the line, it's over
My heartbeat is getting louder
I can't stop myself

Uh huh uh huh
Whenever, wherever
(Call me)
Uh huh uh huh
Day or night
Waiting is too boring
Hurry and call me
If I hear you, I'll run to you
I'll hold you tight

Look at me
And call me
You're dazzling, bling bling bling
My heart goes bang
If you feel the same
Call me
You become more and more precious
Just like this, forever, us two

Call me whenever
I'll be waiting, call me
Day or night
Call me
Hurry and call me

Call me whenever
I'll be waiting, call me
Day or night
Call me
Hurry and call me

Call me
