

I Know the Way to You by Heart

Vern Gosdin

As a boy I believed it was best just to leave
With a shirt on my back and my heart on my sleeve
It was time I was out on my own
So I left you and I left home

And I've slept in some cars and I've slept in some bars
And I've spelt in the yard of some fast falling stars
But there ain't been one dream that's come true
Since I left home, since I left you

In the cold just one memory's warm
And in the dark just one light comes on
Though I'm lost there's one thing I found
I know the way to you, I know the way to you by heart

I know what I'm feeling for you is real
Like the palm of my hand on this old steering wheel
And I'm still on the road I've come down
But thanks to you I'm homeward bound

In the cold just one memory's warm
And in the dark just one light comes on
Though I'm lost there's one thing I found
I know the way to you, I know the way to you by heart

I know the way to you, I know the way to you, I know the way to
you by heart
I know the way to you, I know the way to you, I know the way to
you by heart
I know the way to you, I know the way to you, I know the way to
you by heart
Yes, I know the way to you by heart
