

# Just Give Me What You Think Is Fair

Vern Gosdin

I love it when you're with me  
I want you with me all of the time  
You're just what I've been looking for  
To satisfy a burning need of mine

And I don't want to share you  
Now with someone who thinks that you still care  
And if I can't have all of you  
Just give me what you think is fair

I'll be standing in the shadows  
Holding back the love I have for you  
But it's hard not to let it show  
Every time I see him holding you

And when I see the two of you  
A part of me pretends that you're not there  
And if I can have all of you  
Just give what you think is fair

Just a little part of you that's all I'm asking  
I know that having all of you may never be  
But I love it when you're with me  
I want you with me all of the time

You're just what I've been looking for  
To satisfy a burning need of mine  
And I don't want to share you  
Now with someone who thinks that you still care

If I can have all of you  
Just give what you think is fair
