

# Complicated

Verona

No more games of hide and seek  
I feel, I feel like the sky won't heal  
Deep inside you're weak  
For real, for real

All the things you're telling me  
I feel, I feel that your mind ain't clear  
Begging for a heartbeat  
No deal, boy, it's over

So complicated

Emotions faded  
So complicated  
Got me frustraded  
You're complicated

Emotions faded  
So complicated  
Got me frustraded  
You're complicated

So complicated  
So complicated  
So complicated  
So complicated

Emotions faded  
So complicated  
Got me frustraded  
You're complicated  
So complicated  
Emotions faded  
So complicated  
You're complicated
