

# Bad Feeling

Veronica Falls

Your face anyway  
Is only getting clearer  
When i close my eyes  
Every single day and every night

Uuh uuh

Now ..my shoulder  
Only getting colder  
Tryin to remember  
If you were even real

Chorus:  
I don't remember  
I've got a bad feeling, bad feeling  
A bad bad feeling, bad feeling  
Is not going away, going away  
It's not going away.

Uuh uuh  
Waiting for the weather  
I know will never get here  
Tryin to forget him  
That everything went wrong

Chorus:  
I don't remember  
I've got a bad feeling, bad feeling  
A bad bad feeling, bad feeling  
Is not going away, going away  
It's not going away.

I've got a bad feeling, bad feeling  
A bad bad feeling, bad feeling  
And it's not going away, going away  
It's not going away.
