

# Misery

Veronica Falls

Misery, taking over me  
Misery, my old friend  
Come with me, I see misery  
Stay with me 'til the end

It's never going to be easy  
We're on different sides  
Take the path that could reach me in the dead of the night

Misery, got a hold of me  
Misery, my old friend  
Come with me, I see misery  
Cover me 'til the end

It's never going to be easy  
We're on different sides  
Take the path that could reach me in the dead of the night

Misery, got a hold of me  
Misery, my old friend  
Misery, got a hold of me  
Misery, 'til the end  
Come with me
