

## Love will be born again

Versailles

The time is crying in your little heart  
It will stop our time and my dreams  
Can you see the tears flowing from your eyes  
When your soul leaves your body  
So you're outside by this time

Many times  
Love will be born again  
It always comes back from the sorrow depth inside  
Until you'll face the truth  
And slowly walk with me on usual way

I'll be with you  
I've never loved anyone like this before  
Any time, every time  
I want to stay with you  
I don't want to say goodbye  
I'm afraid of losing your love  
I could never live without you  
But my time doesn't forgive it

I couldn't understand why my heart felt so tight  
And you couldn't leave my soul  
Your love stayed the same  
Feeling the voice echoing from the future  
You'll cry with a sense of pathos  
I hold this love and you by all means

Every time  
Love will be born again  
It always comes back from the sorrow far away  
Until you'll face the truth  
And slowly walk you with me on usual time

I'll be with you  
No matter how much time goes by, I love you  
Any time, every time  
I want to be with you  
I don't want to say goodbye  
I'm afraid of losing your love  
I could never live without you  
Forever

I need your love  
I've never loved anyone like this before  
Your smile, your soul, please once again!  
I couldn't say I love you  
The pain of losing a loved one  
I would never forget usual way with you  
Time goes by
