Verse Simmonds

Man it's alot of bad bitches in the building, Amen
A couple real niggas in the building, Amen
I'm finna kill niggas in building, Amen
I taught her way to fit the bottles if she tell to say win it
I say torch, preach
We make them light em like a torch, preach
She wanna fuck and I say church, preach
You live on Sunday as a church

Amen, praise some hallelujah
God has been so good every morning I salute you
I say thank you for my team delivering my dream
Mama got it made mail all up in this pay
Ok off that hold up girl that ass so grown up
Niggas riding by girl you got them doing doughnuts
Hate me ok miss and know my name ain't Trey bitch
Still rich and fucking famous just tell them that I made it
And I'm swerving on a milli hoe sit back watch that milli grow
High as fuck on medico hop into my jet and go
Hop inside my jet and go
If you coming with me baby, baby girl just let me know
We can land in my house I'll be taking you down
Girl it's all up to you now if you really wanna get down

Man it's alot of bad bitches in the building, Amen
It's a couple real niggas in the building, Amen
I'm finna kill niggas in building, Amen
I taught her way to fit the bottles if she tell to say win it
I say torch, preach
We make them light em like a torch, preach
