

Concentrate

Verse Simmonds

I don't wanna move too fast
I don't wanna move too slow
I just wanna make it last
I'm a hit that shit till you want some more
Your lips girl, put 'em all on me
Focus baby, my aim is to prove
I ain't trying to be selfish
I want you to get y'all

All I gotta do is concentrate, concentrate
All I gotta do is concentrate, concentrate
Wanna take my time with you girl
All I gotta do is concentrate, concentrate
Never want it to end cause I'm in it
All I gotta do is concentrate, concentrate
Cause girl I ain't no man then

Meditation will sex drive your body inspiration
I got the key to your heart
And it's racing
I wanna take my time to be patient
You keep making those sounds
Turning me on
I hold it for you baby
I won't let you do
I ain't trying to be selfish
I want you to get y'all

All I gotta do is concentrate, concentrate
Concentrate
All I gotta do is concentrate, concentrate
Wanna take my time with you girl
All I gotta do is concentrate, concentrate
We don't want it to end once I'm in it
All I gotta do is concentrate, concentrate
Cause girl I ain't no man then

What's your sign? What's your sign?
I'm a Virgo, what's your sign?
Now we here together
Baby tell me what's been on your mind
Concentrate, concentrate
I'll go deeper, baby wait
Cause girl if this thing creep up
You'll be mad, but I'll be stressed
I can't get like that, you're loving it
I can't hold that back
You were done, Janet Jackson
Hit you with a...
Just as I get the juice
Keep your head up cause I like the view
Get around get around, but ain't nothing like you
So California love while I'm spending

You keep making those sounds
Turning me on
I hold it for you baby

I won't let you do
I ain't trying to be selfish
I want you to get y'all

All I gotta do is concentrate, concentrate
Let me put my mind in it, my back in it
All I gotta do is concentrate, concentrate
Let me take my time with you girl
All I gotta do is concentrate, concentrate
Never want it to end once I'm in it
All I gotta do is concentrate, concentrate
Cause girl I ain't no man then

This is for you
Only for you
Thinking of you
Baby this one's for you
All I gotta do is concentrate, concentrate
Only for you
Thinking of you
This one's for you
All I gotta do is concentrate, concentrate
