

## Five Friends

Verse Simmonds

Told you I'm a bring it right back  
Got 2 young niggas with a sack  
Got a bad bitch whippin up a bitch  
Butt naked and she got five friends  
Oh oh oh we livin by the thug life  
What you tryna? Smoking on a brown hot  
Oh oh oh catch that clock  
Give me 5 minutes and I'll bring it right back

We got hoes in the kitchen  
Whippin with they top off  
Tryna fine me for the chicken  
Let's get in, one nigga, no hot sauce  
So I'm a ball like a porno star  
When I pull in to the front you see the goddamn top off  
I'm a young ass nigga but the man in the city  
I'm a 22 year old mobber  
When I talk on bitch I keep a blog  
In the kitchen with a note, make it fall  
Keep a ray band like Sean Paul  
Ice cream cake, job I ain't talkin guns  
No passport but I'm bout to ball  
I'm like Kobe, hit 30 and I ball  
Young nigga came up from the corner  
I'm like jug, get to payin what you order

Told you I'm a bring it right back  
Got 2 young niggas with a sack  
Got a bad bitch whippin up a bitch  
Butt naked and she got five friends  
Oh oh oh we livin by the thug life  
What you tryna? Smoking on a brown hot  
Oh oh oh catch that clock  
Give me 5 minutes and I'll bring it right back

Check my phone, oh see it it's on freeze  
A different hoe call my line every week  
They say ya'll if you niggas don't believe  
I'm a bring to her yard like Kelis  
Okay got a young nigga hold a blunt with a K  
Shoot a nigga down, he gon ride where he lay  
I part on niggas on the grind everyday  
Keep that heat, shoot em up like Ray  
Niggas stop playin it's a hit like play  
Keep that green like a yard oh great  
Smoke that grain, don't feel no shame  
Hatin on words, eat em up like steak

Pull up to the club okay, hotter than a sauna  
Run up on my team, no wait, nigga you don't want er  
Go there, check me like the plate,  
Roll it, yea we on it  
Keep a bad bitch with me, I can tell you want it

Told you I'm a bring it right back

Watch me cook up 4 figures, cook raw for rappers  
Shake to these hoes, then I break they back  
And I'm countin this money, I be that money machine  
I need a couple mo haters, I need a chunk that say green  
And you know that I'm on it on it, I got a new batch  
And I'm pullin up in the foreign, I whip ya'll for that  
Take me ridin onto your city, you see me come get it  
And if you want that shit man I bring it right back
