

# Blackout

Versus Me

Darkening my spirit  
Voices incoherent, drag me down  
Darkening my spirit  
Tunnel vision, blackout

I reach for you again (you again)  
My bitter friend  
My medicine

Make some sense, talk me down, I'm losing it (losing it)  
Hanging on by a thread, and now I'm giving in

Drag me down, pull me out, drag me

Drag me down, pull me out (pull me out)  
It's suffocating me  
And I feel like I'm losing it all  
Drag me down, pull me out (pull me out)  
It's suffocating me  
My senses failing me

Blackout

It's always there  
Gnawing, scratching, clawing, biting me (biting me)  
Love in despair (love in despair)  
It's always needed me  
Fuck  
Drag me down, face to face with the worst part of me  
Drag me

Drag me down, pull me out (pull me out)  
It's suffocating me  
And I feel like I'm losing it all  
Drag me down, pull me out (pull me out)  
It's suffocating me  
My senses failing me

Blackout

A splinter in my mind reminds me of the pain I feel  
Never getting better, drown myself til nothing's real

I feel a void in me, (Void in me) so I poison me (poison me)  
Drag me down, face to face with my worst enemy

I reach for you again (you again)  
My bitter friend  
My medicine

Drag me down, pull me out (pull me out)  
It's suffocating me  
And I feel like I'm losing it all  
Drag me down, pull me out (pull me out)  
It's suffocating me  
My senses failing me

## Blackout

I know it takes its toll  
I'm losing all control  
It's so predictable  
It's all I've ever known
