

Far Behind

Versus Me

Go!

When will I get to where I wanna be?
It seems like everyone is better off than me
I've worked so hard, I've spent these years
I won't stop now, I'm looking past my fears

Sights set high, am I dreaming beyond what's possible?
Sights set high, I chose this life and I've come to find

Sometimes I feel like I'm so far behind (And I've been waiting
so patiently)
I try, but feel I'm falling out of line
Cause I'm so far behind

Trust in myself and stay on course
You'll never know if you sell yourself short

Sights set high, am I dreaming beyond what's possible?
Sights set high, I chose this life and I've come to find

Sometimes I feel like I'm so far behind (And I've been waiting
so patiently)
I try, but feel I'm falling out of line
Cause I'm so far behind

I work so hard for this shit
Fuck

Sometimes I feel like I'm so far behind (And I've been waiting
so patiently)
I try, but feel I'm falling out of line
Cause I'm so far behind
Sometimes I feel like I'm so far behind (And I've been waiting
so patiently)
I try, but feel I'm falling out of line
Cause I'm so far behind

I try but I'm getting
I try but I'm getting so far behind
